Re: SP-05-0052 Video Conferencing Services

Dear Vendors:

In accordance with section 1.4 F of the Video Conferencing Services RFP, the Office of State Procurement (OSP) has cancelled bid SP-05-0052. We have reviewed the vendor proposals and concluded that all proposals failed various basic requirements of the RFP and we are not able to qualify any for Department of Information Systems' evaluation.

The Office of State Procurement and the Department of Information Systems will make changes to the RFP and will rebid the procurement at the earliest opportunity. Please visit the OSP web site at <http://www.arkansas.gov/dfa/purchasing> for additional information.

Sincerely,

Joseph A. Giddis
